## WELCOME

The Airport/Community Roundtable is a voluntary committee that provides a public forum to address community noise issues related to aircraft operations at San Francisco International Airport. The Roundtable encourages orderly public participation and has established the following procedure to help you, if you wish to present comments to the committee at this meeting.

- You must fill out a Speaker Slip and give it to the Roundtable Staff Coordinator at the front of the room, as soon as possible, if you wish to speak on any Roundtable Agenda item at this meeting.
- To speak on more than one Agenda item, you must fill out a Speaker Slip for each item.
- The Roundtable Chairperson will call your name; please come forward to present your comments.

The Roundtable may receive several speaker requests on more than one Agenda item; therefore, each speaker is limited to two (2) minutes to present his/her comments on any Agenda item unless given more time by the Roundtable Chairperson. The Roundtable meetings are recorded. Copies of the meeting tapes can be made available to the public upon request, please contact the Roundtable office if you would like a copy of the meeting tapes.

Airport/Community Roundtable Meetings are accessible to people with disabilities. Individuals who need special assistance or a disability-related modification or accommodation (including auxiliary aids or services) to participate in this meeting; or who have a disability and wish to request an alternative format for the agenda, meeting notice, agenda packet or other writings that may be distributed at the meeting, should contact Dave Carbone at least two (2) working days before the meeting at the phone, fax or e-mail listed below. Notification in advance of the meeting will enable the Airport/Community Roundtable to make reasonable arrangements to ensure accessibility to this meeting and the materials related to it.

## ABOUT THE AIRPORT/COMMUNITY ROUNDTABLE

### ROUNDTABLE OVERVIEW

The Airport/Community Roundtable was established in May 1981, by a Memorandum of Understanding (MOU), to address noise impacts related to aircraft operations at San Francisco International Airport (SFIA). The Airport is owned and operated by the City and County of San Francisco, but it is located entirely within San Mateo County. This voluntary committee consists of 23 appointed and elected officials from the City and County of San Francisco, the County of San Mateo, and several cities in San Mateo County (see attached Membership Roster). It provides a forum for the public to address local elected officials, Airport management, FAA staff, and airline representatives, regarding aircraft noise issues. The committee monitors a performance-based aircraft noise mitigation program, as implemented by Airport staff, interprets community concerns, and attempts to achieve additional noise mitigation through a cooperative sharing of authority brought forth by the airline industry, the FAA, Airport management and local government officials. The Roundtable adopts an annual Work Program to address key issues. **Meetings are held six times a year (February, April, June, August, October, December) on the first Wednesday of the month at 7:00 p.m. at the Dave Chetcuti Community Room, 450 Poplar Avenue, Millbrae, California. The members of the public are encouraged to attend the monthly meetings and express their concerns. For more information about the Roundtable and its activities, please contact Roundtable staff at (650) 363-4417.**

### POLICY STATEMENT

The Airport/Community Roundtable reaffirms and memorializes its longstanding policy regarding the shifting of aircraft-generated noise, related to aircraft operations at San Francisco International Airport, as follows: **“The Airport/Community Roundtable members, as a group, when considering and taking actions to mitigate noise, will not knowingly or deliberately support, encourage, or adopt actions, rules, regulations or policies, that result in the “shifting” of aircraft noise from one community to another, when related to aircraft operations at San Francisco International Airport.”** (Source: Roundtable Resolution No. 93-01)

---

### FEDERAL PREEMPTION, RE: AIRCRAFT FLIGHT PATTERNS

The authority to regulate flight patterns of aircraft is vested exclusively in the Federal Aviation Administration (FAA). Federal law provides that:

“No state or political subdivision thereof and no interstate agency or other political agency of two or more states shall enact or enforce any law, rule, regulation, standard or other provision having the force and effect of law relating to rates, routes, or services of any air carrier having authority under subchapter IV of this chapter to provide air transportation.” (49 U.S.C. A. Section 1302(a)(1)).
