Comparing crime events per day on Peninsula and San Francisco 2010 V 2015

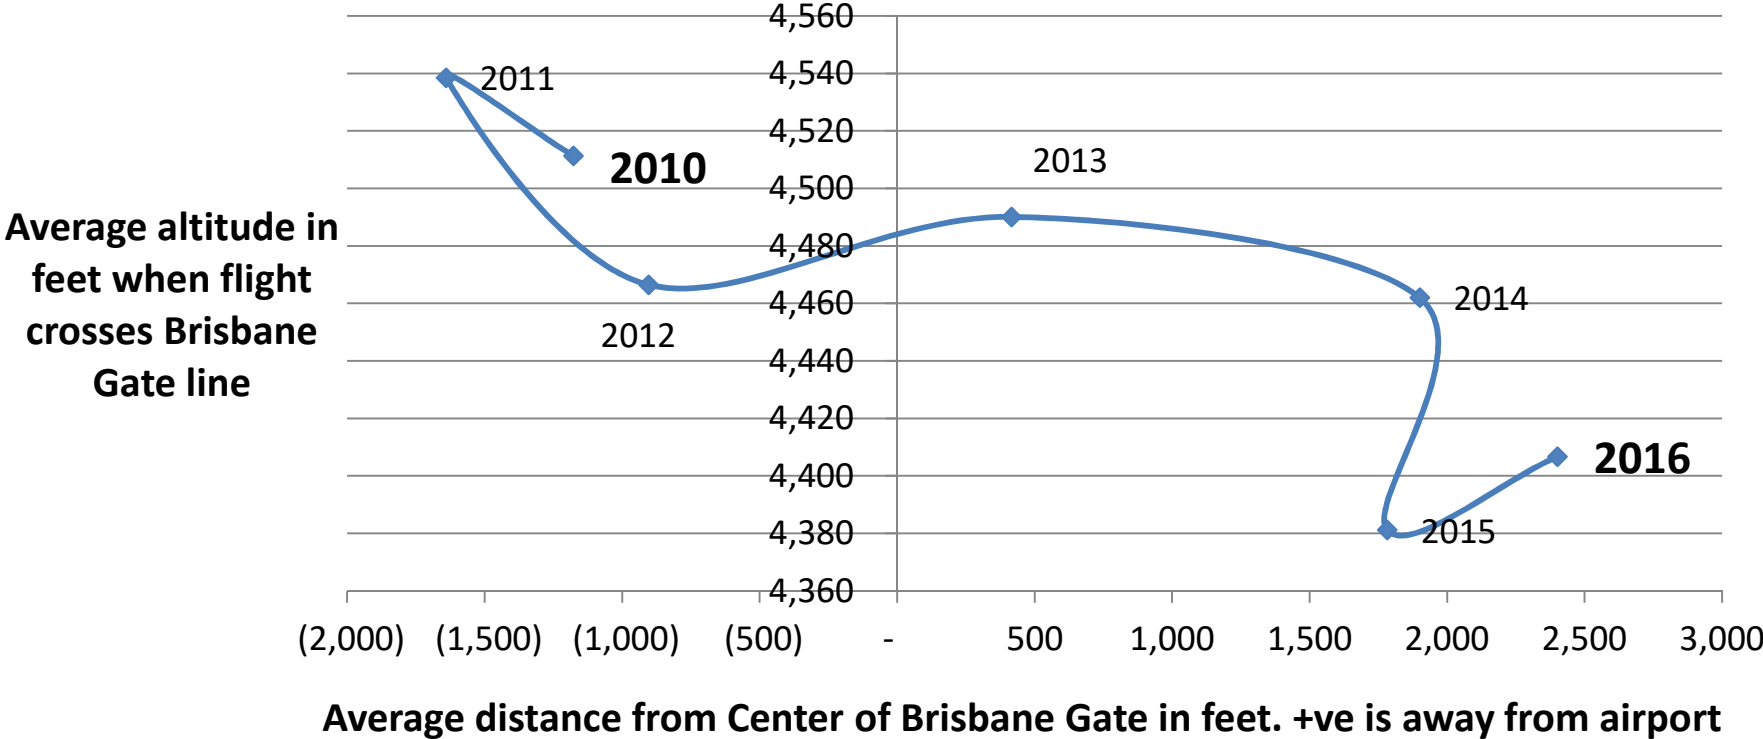

Crime Noise events per day on Peninsula and San Francisco monitors 2010 V 2015

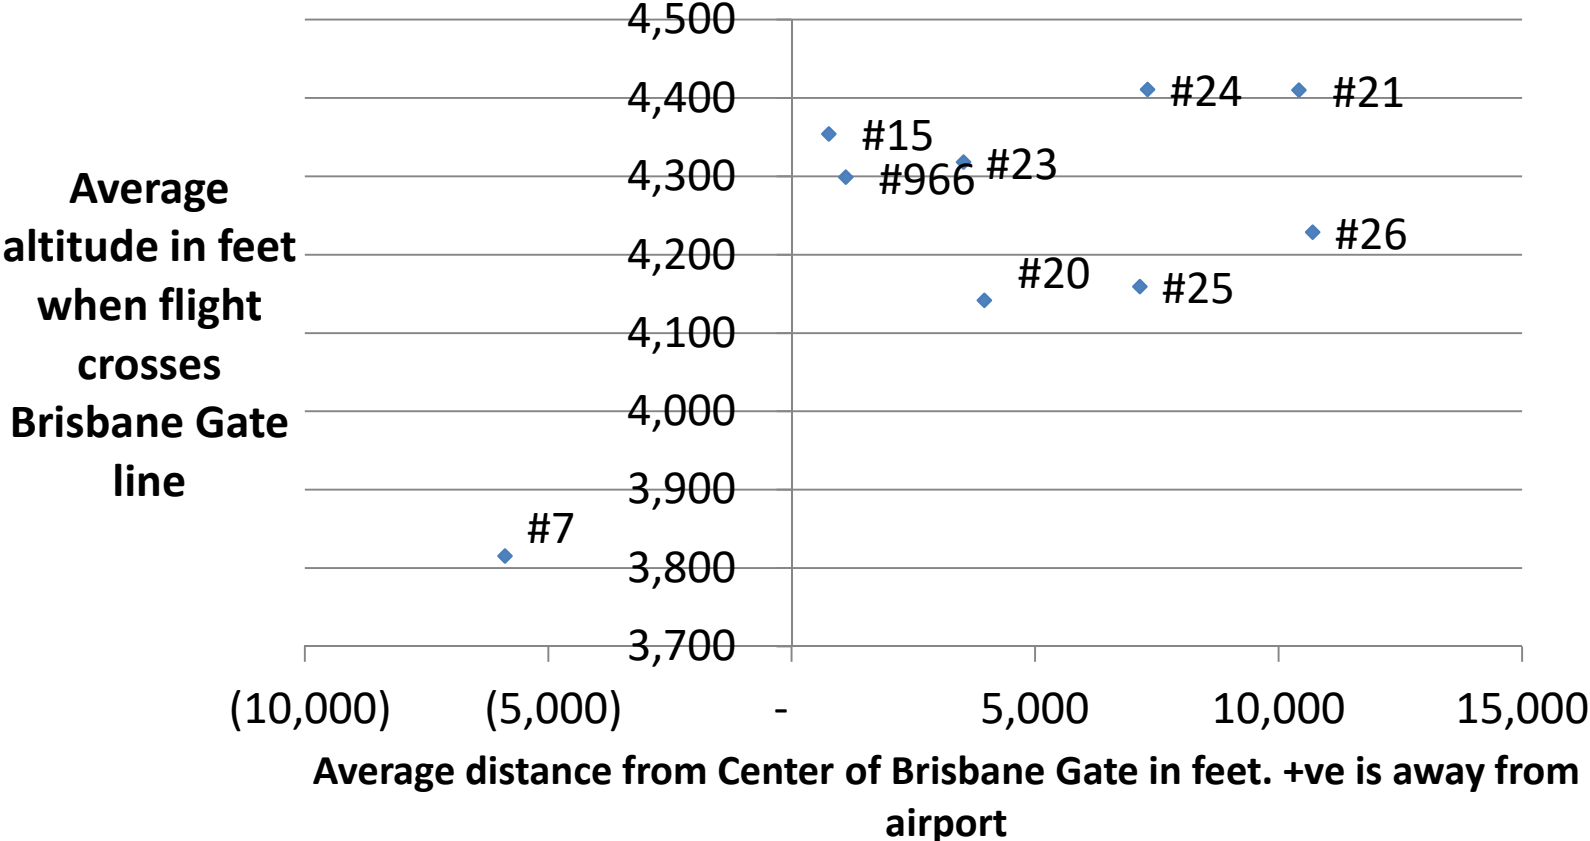

2010-2016 the flights off runway 01L and 01R flew further along the Bay but turned over land at a lower altitude!

Analysis of flights from Runway 01L and 01R through the Brisbane Gate 3 2010-2016. Flights flew further over Bay and crossed Gate at a lower altitude in 2016 than 2010.

Average height and distance along Brisbane Gate line for flights from Runway 01L that created noise events at respective monitors

Thank you to:

- Bert Ganoung of the SFO Noise Office
- Dave Ong of the SFO Noise Office
- Cliff Lentz who helped get the data
- Kathleen Wentworth of Rep Speier's Office
